WE PROMISE TO SHAKE THE WORLD OF BEAUTY

Melano peel - products

VIAL DEGREASING SOLUTION 10ML

Used to eliminate the skin's grease and to open the skin barrier allowing the cream penetration.

VIAL PRE-TREATMENT SOLUTION 10ML

The pre-treatment solution is a beta hydroxy acid keratolytic that increases and renews the skin epidermis. Improves the appearance of skin with acne, clear stains, revitalizes and brightens aged skin.

Melano peel - products

MELANOPEEL MASK 15MK

Applied by a professional, for a final step. The mask is formulated to attenuate and eliminate skin blemishes of melanic origin located at an epidemic level.

MELANOPEEL CREAM 30ML

Cosmetic formulated to mitigate and eliminate cutaneous blemishes of melanic origin located at an epidemic level, giving the skin an uniform color.

Melano peel - *treatment protocol*

Clinic

Take your time to explain the protocol. Improves confidence.

Post-Clinic

Explain that the client will leave the clinic with the mask on, what they must be aware of and how to remove the mask.

Maintenance

Explain and adapt protocol to the client schedule.

01 Clean and Degrease

Gently pass the cotton on the face to clean it using 1 to 1.5ml of the degreasing solution.

02 Pre-treatment

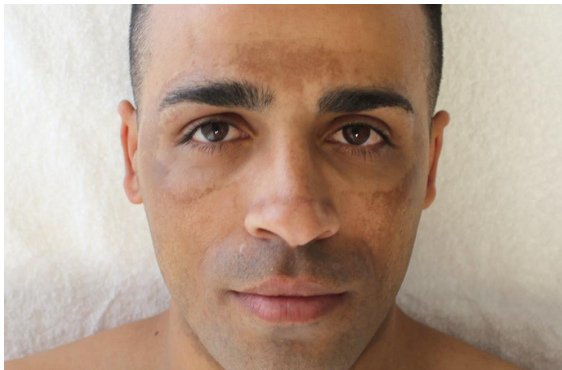

Gently pass the pre-treatment solution on the face (1 to 1.5ml on a cotton). Leave it 1-4 min. Skip it if no severe acne problem.

03 Treat

Apply the melano peel mask about 2mm layer thick.

melano peel - *Treatment of hyperpigmentation*

MelanoPEEL is a professional topical treatment for depigmentation, that improves whitening melanic spots located in the epidermis.
